EXPERIENCE

LinkedIn / UI Engineer Intern

Working with the Premium management team to create and ramp a unified cancellation parity on web. Collaboration with designers, API engineers, and software engineers to build a new user experience.

Dojo / UI Designer

Contracted development of branding and user interface design aesthetics for Dojo, a collaborative personal training app. Building wireframes, storyboards, and interactive prototypes in Figma to illustrate app flow.

Haute Magazine / Visual Designer

Designing publication spreads and visual assets for Haute Magazine, USC's art, fashion, and culture publication. Haute showcases all things creative within the USC student body — art, fashion, journalism, music, film, photography, and more.

MASH Magazine / Web Design Chair

Web design and development for MASH (React.js), an online publication highlighting the intersection of fashion and business with a focus on sustainability, diversity, and design.

EDUCATION

UNIVERSITY OF SOUTHERN CALIFORNIA

Design BFA
